Testimonials

'I was very impressed with the Technician that came to my house. Mr. "Ben" was very professional, friendly, and was patient with me while asked many questions. I very satisfied with the work that was done and highly appreciated the recommendations for future problem solving. I would highly recommend Prime Plumbing Inc. for any septic or plumbing issues. Thank your for your help!'

- Scott Atkinson

'I had an underground pipe burst in my home, so I check around and decided to go with Prime Plumbing, They came out the next day from Umatilla (I live in Dunnellon), and gave me a free estimate to re-pipe the cold water. Chad answered all my questions, and explained in detail what exactly they would do. I decided to go with them, and they came out the next day and arrived on time, sent 4 guys out and they did the whole house by 4:00. Then they walked me through and showed me everything they did. They actually found a small issue with a sewer line which they repaired for no charge. I was very impressed; they were polite, courteous, and professional. I would not hesitate to call them any-time I need plumbing work, and I would recommend them to family and friend and anyone else!'

-David Mann

'Read reviews, so gave them a call to deal with a sticky situation in bath shower. Really glad I did before things went further south. Patty answered the phone and said she would dispatch someone out there soon. Tech Mike R showed up, looked and listened to the problem, went to the truck and came back with the right tool to do the job. I was very satisfied with the way he completed the work. His interaction with my wife and I was professional and pleasant. All in all it was a good outcome and we are happy.'
